Wednesday Night:

The Pritchard's home.

The meeting starts at 6:00 with dinner followed by Bible study from 7:00-7:30. The Pritchards live at 1205 Red Fox.

There are poisons that look like crystal spring water. A glass of such poison, placed next to a glass of clear water will fool the eye; the two look exactly alike. But one has death in it, the other life. You have to discover by other means than drinking the true nature of the two liquids.

In the same way there are many things in life that are deadly, but have the appearance of goodness. This is why, when you must make a choice about some pleasure, amusement or action, you must not come to your decision on the basis of appearances.

Please join us for lunch after worship service to celebrate Minnie Miner's 102nd birthday!

Missions in American Samoa:

Work on the building continues. Several men worked on Saturday to build forms so concrete can be poured by the end of the week. We are in the rainy season, so a number of heavy rain storms have delayed progress, at times. I'll try to post some new pictures by the end of the week.

Looks like Jr. Soli and I will be traveling to Apia in two weeks to promote the summer youth camp and lectureship. It is always good to visit with fellow Christians in Samoa.

I began a new sermon series on Hebrews last Sunday. We begin a new Wednesday night Bible study tomorrow night on Acts.
